

How do I get my grub?

We do things a bit differently here at Latte Luna. Our menu changes frequently, giving you the opportunity to try a variety of our family favorites. Enjoy the Looney Mooney special, one of our popular seasonal items or perhaps a smaller, tapas size offering. Everything is homemade, right here in our kitchen.

When you're ready to place your order, please push on your call light. If at any time during your stay you have a need or question, please page us by pushing on your light.

You will be provided with a table number when you place your order. This will keep your tab open until you're ready to leave.

When it's time to go home, please take your number to the register to check out.

Latte Luna has been and will continue to be a supporter of local charities. Up until now, we have donated all of our gratuities to community organizations. The time has come to express gratitude to our exceptional staff. We invite you to show your appreciation by tipping your servers.

Thanks for visiting us at Latte Luna. Bradenton's Oasis!
